

## Hywin Holdings Brings Insights on Asian Wealth Management to Wall Street

May 5, 2022

SHANGHAI, China, May 05, 2022 (GLOBE NEWSWIRE) -- Lawrence Lok, Chief Financial Officer of Hywin Holdings Ltd. ("Hywin Wealth", "Hywin", or the "Company") (NASDAQ: HYW), a leading independent wealth management service provider in China, today wrapped up a 7-day trip to the United States during which he brought Hywin's industry-leading insights and strategic vision on Asian wealth management and private markets to investors on Wall Street.

Lok kicked off the trip on May 1 by hosting a virtual panel discussion on key takeaways from legendary investor Warren Buffett at the 2022 Berkshire Hathaway annual shareholders meeting. The panel featured six distinguished guests from top-notch U.S. and European investment management firms, including The Carlyle Group, Wellington Management, VP Bank, Barings, Cerberus Capital Management, and Aegon Asset Management.

The webinar was broadcast live to Hywin's 130,000 clients, providing cutting-edge perspectives on market trends and offering practical guidance. The discussion touched on not only Buffett's long-term and foresighted investing approach, but also drew contrasts between the challenges of private versus public markets, and examined how Environmental, Social and Governance (ESG) should be an integrated part of investment philosophy, rather than merely a stock-picking filter.
